PROFILE SUMMARY

Motivated B.Tech Information Technology student with hands-on experience in Full Stack Web Development using React.js, Node.js, Express.js, Python, and MongoDB. Skilled in building web applications, and working on AI and Machine Learning projects. A quick learner with strong problem-solving and teamwork skills, eager to contribute to innovative software development and continuously improve technical expertise.

SKILLS

- **Languages** Python, JavaScript, html, css, c
- **Tools/Frameworks** React.js, Node.js, Express.js, django, git & github
- **Databases** MongoDB, MySQL
- **Others** Machine Learning, Computer Vision, Problem Solving
- **soft skills** Communication, Teamwork, Leadership.

EDUCATION

Bachelor of Technology – Information Technology

2023-2027

M.A.M. College of Engineering and Technology, Tiruchirappalli

CGPA: 8.12

12 th -Computer Science

2022-2023

S.B.V Matriculation & Higher Secondary School, Thuraiyur

72.5%

PROJECTS

AI-Based Internship Recommendation System

Developed by a python, and MERN stack

- Developed a full-stack web application using React.js, Node.js, Flask, and MongoDB to recommend internships based on user skills and interests.

Road Safety App

Developed by a kotlin in Android Studio

Developed a mobile application to promote road safety by providing traffic rules, emergency contacts, accident reporting, and safety awareness features.

EMG-Based Smart Wheelchair

Here used a Machine Learning to train a data

- Developed a smart wheelchair prototype using EMG sensors, Arduino, and ESP32 to control wheelchair movement through muscle signals, improving mobility for people with physical disabilities.

INTERNSHIP

ML Intern

June 2026 – July 2026

- Completed an Artificial Intelligence & Machine Learning Internship at DVein Innovations Pvt. Ltd., with hands-on experience in AI and Machine Learning project development.

Mobile app development Intern

January 2026 – February 2026

- Completed a 1-month Android Development Internship at Tamizhan Skills under the RISE Internship Program, gaining hands-on experience through real-time project

CERTIFICATES

Python Certificate

March 2025

- Completed the Basics of Python course offered by UniAthena in partnership with Cambridge International Qualifications, gaining a strong foundation in Python programming.

MongoDB Certificate

September 2025

- Completed the MongoDB Basics for Students course, gaining foundational knowledge of MongoDB, NoSQL databases, and CRUD operations.
